

CSHCS ALERT #9-2013 - Free Trainings Available on Affordable Care Act (ACA)  
Mon 8/5/2013

**Please do not respond to this email.**

The Centers for Medicare & Medicaid Services (CMS) are offering 1 hour trainings regarding the ACA. Please see the attachment for details including dates.

These are training opportunities available across the United States to individuals and groups who would like to learn more and appear to be a good supplement to our initial presentation offered via the RNC conference call. Additionally, it was brought to our attention that some of you might be interested in the following “youtoons” video which has been part of several websites including CNN-Money, the Henry J. Kaiser Family Foundation website and HIV Health Reform. This too may assist in understanding the upcoming changes.

Here's a link to a 7 minute video explaining the changes coming as a result of the Affordable Care Act.

I hope this is helpful.
